Print/Final Size: 60.375”w x 60.375”h

Open/Live Size: 59.625”w x 59.625”h

Keep all critical design elements at least 1” away from stitching and endcap breaks.

File Preparation Tips

- Design artwork to the Print Size listed (as a rectangle)
- Submit Layered files in their native program (Illustrator, Photoshop, InDesign)
- Supply all image links as separate files to ensure quality
- Keep resolution of all images at a minimum of 100ppi (at full size)
- Include fonts for any live text or convert text to outlines
- Maintain a consistent colorspace between files for artwork and linked images (all CMYK or all RGB rather than a mix of both)
- Critical color matches should be specified as Pantone colors and be applied to art as spot colors
